

## **Clearly Safe Finger Guard #2402**

Protect your child's fingers. Prevents door from closing. Fits snugly over door's edge to prevent doors from closing. 2 pack.

To use: simply reach up above the child's reach and slide the Finger Guard onto the side of the door or place on top of the door at least six inches from the hinge. The Finger Guard may also be placed along the hinge side of the door to hold it open.

Please remember, this product does not replace adult supervision. Discontinue use when child is old enough to remove it.

**Please remember that this product is not a substitute for adult supervision.**
